

LEGAL & BUSINESS INTELLIGENCE

Frasco[®] Integrated Research is our consulting and investigative solutions division, serving the legal, business and financial communities. You can count on us to provide highly customized strategic consulting and investigative services that integrates our various practice areas to produce case specific solutions. As with all of our services, the goal is to provide information that helps you Decide Without Doubt.

IT'S AS EASY AS...

1

There is a case that requires more concrete supporting evidence.

2

Consult with our investigative experts to select the best service options.

3

Our investigators collect findings and deliver a comprehensive factual report.

LITIGATION SUPPORT:

Pre-litigation, during litigation, post-litigation, negotiation research and data collection, expert witness evaluation, general research, interviews, surveillance, and more.

DUE DILIGENCE:

Joint ventures, M&A, pre-transaction research, vendor backgrounds, reputation risk mitigation, self-due diligence, pre & post appointment, conflicts of interest, strategy research, interviews, pre-public & private offerings, executive & board member vulnerabilities, and more.

JURY POLLING:

Our background investigations and proven research methods help to select the appropriate jurors during voir dire. We efficiently provide you with critical information when you need it most.

BUSINESS INTELLIGENCE:

General private investigations, go / no-go decisions, conflicts of interest, vetting of allegations, negotiation leverage, intellectual property, proxy battles, activist investors, general research, interviews, surveillance, pre & post-employment backgrounds, and more.
