

C.E. CREDIT WEBINAR:

THE NEW NORMAL

Fraud Awareness in the Age of COVID-19

This course firmly establishes the dramatic impact of 2020's coronavirus pandemic on everyone in the nation. Understanding the virus' impact and the onset of "The New Normal" make it clear how important maintaining vigilance towards fraud indicators is and will continue to be. Gain clarity on the options for dealing with fraud in ways that make good fiscal sense and honors meritorious claim decision-making.

AMERICANS' TOP 3 CORONAVIRUS CONCERNS:

78%

Family Members
Contracting the Virus

74%

Impact on Personal
Financial Situation

59%

Spreading the
Virus to Loved Ones

Survey of 3,270 U.S. Adults, March 16-17, 2020 | Source: Elon University Poll

LEARN ABOUT THESE CORE ISSUES AND HOW TO DEAL WITH THEM:

- 🦠 The Recession's Impact on Workers
- 🦠 The Unintended Consequences of Layoffs leading to a Rise in Litigation
- 🦠 How Normally Good People Justify Bad Things
- 🦠 Pandemic Stress' Negative Impact on Mental Health

Paying attention to fraud indicators is an integral part of claims management. How much more important is fraud awareness during stressful and economically trying times? "The New Normal" was coined because it doesn't seem like life will get back to normal any time soon so the answers to these questions will prove that of great importance. Understanding the significance of just how much life has changed for millions of people will clarify the priority of being even more fraud aware today.
